RATE DESIGNATION: 390
CLASS OF SERVICE: DEMAND METERED MUNICIPAL PUMPING **FROZEN**
SERVICE AREA: ALL MINNESOTA COMMUNITIES

Availability: Available under contract for service for municipality's requirements for pumping connected with a general water supply system, including (a) water treatment, (b) sewage treatment or (c) lift operations for sanitary sewer or storm sewer systems and including lighting and electric heating incidental to any of such requirements; provided, however, that flood control installations are excluded from service hereunder. Each point of delivery shall be separately metered and billed hereunder. This rate is available to existing customers at existing premises on September 15, 2004. New Customers after September 15, 2004 will have the option of service under other available rates.

Character of Service: Single or three phase service will be rendered at one standard secondary voltage at one point of delivery for each pumping station. All power and energy shall be measured by meters supplied and installed by the Company at each point of delivery. Primary service will be rendered, when requested, on the same basis as secondary service. Customer will maintain a power factor of not less than eighty percent lagging as set forth in Company's Electric Service Standards.

Net Rate:

Basic Service: $1.05205 per day*

	Usage from June 1 through Sept. 30	Usage from Oct. 1 through May 31
Demand Charge:	$8.75 per kW	$6.48 per kW
kWh Charge:	All kWh/day @ 5.503¢ per kWh	All kWh/day @ 4.894¢ per kWh

* For Comparison Only: Basic Service $32.00/month

Determination of Demand: The highest fifteen-minute integrated demand during the billing month, as metered by the Company. Demand meters will be installed at each delivery point where customer's connected load (all of which may be operated simultaneously) is in excess of 15 horsepower.

Energy Supply Cost Adjustment: Rider 1M is applicable hereto.

Resource Adjustment Charge: Rider RAC applicable hereto.

Conservation Improvement Program Cost Recovery Adjustment: Rider 1C applicable hereto.

Renewable Energy Recovery Adjustment: Rider RER applicable hereto.

Excess Facilities Charge: Any facilities required to provide service in excess of that permitted under this Schedule or the Company's Electric Service Standards shall be provided at a monthly amount equal to 1.6% of the Company's investment in such facilities.

Rules and Regulations: Service hereunder is subject to the provisions of the service contract between the Company and the Municipality.
