METER SOCKET DEVICES – Vol. No. 100 Page

E100. General 1
E101. Residential & Special Services Meter Sockets – 250 Volts Max. 6
E102. Residential Meter Socket-With Main & Panel Combo.- 250 Volt Max. 9
E103. Residential/Commercial Meter Sockets – 250 Volts Max. 10
E104. Commercial/Residential Meter Sockets – 480 Volts. Max.. 13
E105. Commercial/Residential Transformer Rated Meter Sockets 13
E106. Commercial/Residential Meter Sockets With Main – 250 Volts Max. 15
E107. Residential 120/240 Volt or 120/208 Volt Single-Phase Group Meter 16
E108. Residential 120/240 Volt Single-Phase Meter Pak Assemblies 19
E109. Residential 120/240 V. or 120/208 V. Vertically Ganged Modular Meter Assemblies 20
E110. Commercial/Residential 120/240 V. or 120/208 V. Single or Three Phase Group Meter Assemblies 21
E111. Commercial/residential 120/240/ V. or 120/208 V Single-Phase or Three Phase Meter Pak Assemblies. 22
E112. Commercial/Residential 120/240 V. or 120/208 V. Single-Phase or Three Phase Modular Meter Assemblies 23
E113. Residential 120/240 Volt Single Phase Meter Pak Assemblies 24
E114. Residential Meter Pedestals – 250 V Max. 25
E115. Commercial/Residential Meter Pedestals 250 V. Max. 26
E116. Residential Meter Pedestals With Main. 27
E117. Commercial/Residential Meter Pedestals With Main – 250 V. Max. 27
E118. Manufactured Home Meter Pedestals With Main. 28
E119. Recreational Vehicle Meter Pedestals With Main -250 V. Max. 29
E120. Special Highway Metering and Cabinets (Minn DOT Only) 29

CABINETS- Vol. No. 200

E200. Technical Specifications For Metering Transformer Cabinets and Conductor Termination Boxes. 31
E201. Current Transformer Bar Requirements. 34
E202. Cable Space Requirements for Current Transformer Cabinets. 34
E203. Metering Transformer Cabinets – 400 AMPS 40
E204. Metering Transformer Cabinets - 600 AMPS 42
E205. Metering Transformer Cabinets - 800 AMPS 47
E206. Metering Transformer Cabinets – 1200 AMPS 48
E207. Metering Transformer Cabinets - 1600 AMPS 50
E208. Metering Transformer Cabinets – 2000 AMPS 50

E209. Metering Transformer Cabinets – 2500 AMPS 51
E210. Metering Transformer Cabinets – 3000 AMPS 52
E211. Termination Boxes - 400 AMPS MAX 53
E212. Termination Boxes 600 AMPS MAX. 53
E213. Termination Boxes 800 AMPS MAX 54
E214. Termination Boxes 1200 AMPS MAX. 55
E215. Termination Boxes 1600 AMPS MAX. 55
E216. Termination Boxes 2000 AMPS MAX. 56
E217. Termination Boxes 2500 AMPS MAX. 56
E218. Termination Boxes 3000 AMPS MAX 57
E219. Horizontal Bussed Cabinets 400 A. - Termination-Breaker & Disconnect-Metering - 250 V Max. 57
E220. Horizontal Bussed Cabinets 600 A. - Termination-Breaker & Disconnect-Metering - 250 V Max 58
E221. Horizontal Bussed Cabinets 800 A. - Termination-Breaker & Disconnect-Metering - 250 V Max 58
E222. Horizontal Bussed Cabinets 1200 A. - Termination-Breaker & Disconnect-Metering - 250 V Max 59
E223. Horizontal Bussed Cabinets 1600 A. - Termination-Breaker & Disconnect-Metering - 250 V Max 59
E224. Horizontal Bussed Cabinets 2000 A. - Termination-Breaker & Disconnect-Metering - 250 V Max 59
E225. Horizontal Bussed Termination Boxes and Metering Cabinets Three-Phase 600 V Max. 59
E226. Switchboard Structures – 250V Max. 60
E227. Dead Front Primary Metering Enclosures – 15 KV. 61
E228. Dead Front Primary Metering Enclosures – 25 KV 61
E229. Farmstead Pole Top Transfer Switches -250 V. Max. NEC 547.2 (Site Isolating Device) 61
E230. Farmstead Pole Top Transfer Switches -600 V. Max. NEC 547.2 (Site Isolating Device) 61
E231. Residential Grade Level Transfer Switches with Meter Socket 250 V Max. 62
E232. Grade Level Operated Primary Voltage Pole Top Load Break Switch 62
E233. Residential and Commercial Pad-mount Transformer Box Pads 62
E234. Equipment Manufacturers Phone Numbers 63
