**STANDARD DISTRIBUTED GENERATION RATE FORM  
FOR RESIDENTIAL/COMMERCIAL PROJECTS LESS THAN 20 KW**

**Customer Meter Rate Information**

Wisconsin Power and Light Company (WPL) provides Internet access to tariff documents for the convenience of our customers at [alliantenergy.com/tariffs](http://alliantenergy.com/tariffs). Although we strive to keep this information current at all times, please note that the rates and provisions in the tariffs are subject to revision. WPL's electric tariffs are subject to regulatory review and approval by the Public Service Commission of Wisconsin (PSCW).

**General Service (Gs-1) and General Service Time-of Day (Gs-3)**

These schedules are available to all residential customers and all farm and commercial customers who use single or three-phase service and have measured maximum demands of 75 kW or less and annual energy usage of 250,000 kWh or less. Existing farm and commercial customers with measured maximum demands exceeding 75 kW for 8 or more of the past 12 months or whose annual energy usage exceeds 250,000 kWh shall be immediately transferred to the appropriate rate schedule.

**Gs-1 Rate**

Customer Charge per Day

- 1) Lighting Service: \$0.2522
- 2) Combined Power & Lighting Service: \$0.5113

Energy Charges per kWh - All kWh used per month

- June 1 through September 30: \$0.12064  
October 1 through May 31: \$0.10975

**Gs-3 Rate**

Customer Charge per Day

- 1) Single phase: \$0.2522
- 2) Three phase: \$0.5113

Energy Charges per kWh - 14 Hour On-Peak

- On-peak per kWh (summer): \$0.19543  
On-peak per kWh (non-summer): \$0.18468  
Off-peak per kWh (all months): \$0.05447

Energy Charge per kWh - 12 Hour On-Peak

- On-peak per kWh (summer): \$0.20520  
On-peak per kWh (non-summer): \$0.19391  
Off-peak per kWh (all months): \$0.05447

**Commercial Service - Time-of-Day (Cg2-TOD)**

Any new customer whose measured demands are estimated to be greater than 75 kW or whose annual energy usage is estimated to exceed 250,000 kWh will be required to be served on the Cg-2 TOD rate schedule. This rate is not applicable to customers with maximum demands that are estimated to exceed 200 kW.

Customer Charge per Day

- 1) Commercial Lighting Service: \$0.8180
- 2) Combined Power and Lighting Service: \$0.9205

Demand Charges

- |                                 |                        |                        |
|---------------------------------|------------------------|------------------------|
| 1) <u>Firm Demand: (per kW)</u> | <u>12 hour On-Peak</u> | <u>14 hour On-Peak</u> |
| June 1 through September 30     | \$10.40                | \$10.00                |
| October 1 through May 31        | \$8.87                 | \$8.53                 |
- 2) Customer Demand Charge: \$2.00 per kW of customer demand per month.

Energy Charges per kWh - 14 Hour On-Peak

- On-peak per kWh (summer): \$0.07582  
On-peak per kWh (non-summer): \$0.06496  
Off-peak per kWh (all months): \$0.04453

Energy Charge per kWh - 12 Hour On-Peak

- On-peak per kWh (summer): \$0.07885  
On-peak per kWh (non-summer): \$0.06756  
Off-peak per kWh (all months): \$0.04453

**Second Nature** - With Alliant Energy's Second Nature renewable energy program, you can support the growth of earth-friendly "green power" created by wind, biomass and solar energy. If you are a residential customer you can have 25 percent, 50 percent or even 100 percent of your power coming from renewable sources. Or if you are a commercial customer you can nominate any dollar amount equal to or greater than \$5.00. The monthly contribution covers the added expense of harvesting renewable energy. To learn more, visit [alliantenergy.com/secondnature](http://alliantenergy.com/secondnature).
