**WISCONSIN POWER AND LIGHT COMPANY (the "Company")  
RESIDENTIAL ELECTRIC AND NATURAL GAS  
SERVICE APPLICATION AND AGREEMENT**

1. The Company agrees to furnish and the Customer agrees to take and pay for utility service in accordance with provisions and rates approved by the State Regulatory Authority; subject to all applicable rules of the Company on file with the State Regulatory Authority including, but not limited to, terms and conditions on this page hereof; until such time as the Customer discontinues service or elects to make a written application for service under a different schedule. Such election, however, may not be exercised within a one-year period from the date of this application.
2. **INDEMNIFICATION:** The Customer or Customers individually and jointly agree to indemnify and hold harmless the Company for any damage to persons or property arising out of the use upon the Customer's site of the electric service or gas service furnished to it by the Company.
3. **Easement: Right of Access**
  - a. The Customer, if also the landowner, grants to the Company the right to clear for construction, installation, reconstruction, operation and maintenance of its overhead and/or underground electric line or gas piping and to use any necessary equipment in, on and across the above described lands along highways and along fence lines thereon, and to extend such lines along or near property lines of such premises as may reasonably be necessary to extend service to future applicants for such service, and to permit the attachment of communication lines and equipment owned by others. If Customer is not the landowner, the Customer is responsible for obtaining such agreement in writing from the landowner and providing same to the Company at no expense to the Company.
  - b. The Customer, jointly with other applicants on the same extension, shall, without cost to the Company, maintain a right-of-way, which the Company has the right to clear, adequate for the extension and along a route approved by the Company.
  - c. If requested by the Company, the Customer and/or landowner shall grant to the Company an easement in recordable form conveying the rights and privileges in (a) and (b) above. If Customer is not the landowner, Customer is responsible for obtaining the easement in writing from the landowner and to provide the same to the Company at no expense to the Company.
4. The Customer understands and agrees that prior to installation of underground electric lines or gas piping, the landowner shall have established the final grade of the route and that after installation of the line the grade shall not be increased or decreased more than 6 inches without the prior written approval of the Company. If Customer is not the landowner, Customer is responsible for obtaining such agreement in writing from the landowner and providing same to the Company at no expense to the Company.
5. The Customer is responsible for notifying the Company of contaminated media (e.g., soil, groundwater, etc.) that may be present on the site prior to Company commencing installation or extension of service. The Company reserves the right to consider alternate service routes, if necessary, to avoid contaminated media. The Customer may be held liable for additional costs incurred by the Company if contaminated media is encountered during the installation of service.
6. If contaminated media is encountered during the installation or extension of service, the Company shall terminate the installation or extension of service and notify the customer. The Customer is responsible for reporting the discovery of contamination to the appropriate agencies. The Customer, or landowner, is responsible for management of any contaminated media encountered during the installation of service.
7. If Customer requests a gas pressure change (e.g., 7" wc to 2 psig) or if Customer needs to increase meter size (e.g., 250 to a 425), Customer will be charged the cost for Company personnel to make the change.
8. The Company agrees to return any deposit, with interest, according to the rules and regulations of the applicable State Regulatory Authority, 12 months from the date of this application unless 1) the Customer's service has been disconnected within that time or, 2) the Company determines that the information in the initial application was inaccurate or incomplete.
9. The Customer acknowledges the right to make written request to the Company that the County Department of Health and Social Services be notified at least 5 calendar days prior to a scheduled disconnection of service for rule violation or non-payment.
10. The Residential Service Customer Charge on file with the State Regulatory Authority may be billed to the Customer beginning on the date the meter is installed.
11. **Failure to Consume Natural Gas**
  - a. The Customer agrees to begin consuming natural gas within 6 months of installation of the service lateral. If the Customer is not consuming gas by that time, the Customer agrees to pay each month the Residential Service Customer Charge on file with the State Regulatory Authority.
  - b. If the Customer does not begin consuming gas within ten years of the installation of the service lateral, the Customer shall be liable for service pipe removal costs.
  - c. After the service lateral has been installed, the Customer may not avoid obligations under these agreements by requesting discontinuance of service or by requesting service under a different rate schedule.
  - d. This agreement obligates the Customer's heirs, successors and assignees. This agreement may not be assigned to a tenant or future purchaser of the premise.
12. This agreement shall become effective when acceptance of the application has been signed on behalf of the Company.

**TRENCH MARKING AGREEMENT**

The Customer agrees that the Company may dig, trench, plow or bore on the Customer's property located at the address written above for the installation of utility service. Utility rates are based on rough grade construction meaning the Company will backfill and smooth over any excavations that the Company performs. **Final restoration, grass seeding, watering and mowing are the Customer's responsibilities.**

Prior to digging, trenching, or boring, the Company will identify the route of the proposed excavation. The Company will notify other utility owners to facilitate the marking of existing underground utilities, including electric telephone and cable TV.

The Customer agrees to physically mark the location of any and all Customer-owned obstacles that lie underground within ten feet of proposed excavation. Such obstacles include, but are not limited to, septic and sewer systems, buried wires for out-buildings or decorative lighting, and LP gas lines. The Customer shall mark the location of all of these obstacles with stakes or flags or by painting the ground. The Customer hereby accepts any and all responsibility for damage to, or damage done by striking, any such underground obstacle the Customer fails to mark or marks incorrectly.
